Mini Mayhem is the freakish, fluffy result of a sick and twisted society in chaos. Corrupted by gruesome computer games, warped horror movies and popular culture gone wrong, Mini Mayhem are more likely to give you a knuckle sandwich than a cuddle at bedtime. Series 1 feature 8 killer characters in their cutest and most collectible form yet (with varying degrees of rarity) plus 2 ultra rare chase figurines hidden within outers of 16... These 4" flexible polystone figurines are designed by Peter Underhill (the original creator of Bad Taste Bears.)
